NOTICES

Please note that from next week (Wednesday 27th Jan) it will be group 2 who are swimming in PE.

Subject Focus: English

Big 6 students are currently working on a tourism inspired mini-project in English.

Following the creation of small scale questionnaires they have carried out market research to gain an insight into what kinds of holidays families like to take. Over the next couple of weeks, in small groups or individually, they will be creating their own travel agencies to rival any high street chain.

Activities will include designing informative and persuasive brochures and producing and filming radio or television commercials to advertise their company and holidays.

It doesn't take much to get Big Six enthusiastic and excited about their work but this topic seems to be a very big hit!

TOWERS!

What an awesome week we had! Good food, good company, great fun and fantastic winter weather; what more could you ask for on a week long residential visit.

I could go on for a long time about the cross-country skiing, tobogganing, igloo building and snowmen competitions but it's the students who have the best stories to tell. So, next week, we will be publishing a Towers Newspaper, full of stories, photos and memories for the students to keep. A copy of which will also be available to download from the school website.
