

WOLVERHAMPTON
GRAMMAR SCHOOL

Dear Parents,

I hope you will be interested to learn we are investigating the feasibility of improving our sporting facilities by transforming the Sports Hall balcony into a fully enclosed and modern equipped fitness suite. The conversion would be a substantial investment, including in excess of thirty brand new pieces of fitness and electronic cardio vascular equipment, like treadmills and cross trainers, suitable for both student and adult use.

This concept is a significant financial undertaking and the only method of committing to such a project is through hiring out the facilities for evening and weekend use; from 5pm until 9.30pm each evening and weekends from 8.30am until 9.30pm. It would be preferable for such an arrangement to be available to our past and present school families and staff only. The proposed cost of such a membership would fall in the region of £25-£40 per month for an individual/family membership. This subscription could be added to the termly invoices sent to you by the Finance Department and continued when your children leave.

To gauge demand, we would like to know from you if you would be interested in enrolling into a gym membership scheme with WGS. The success of the idea depends upon the response received from you.

We are investigating other financing strategies, such as leasing the equipment and fundraising, though again that would still entail hiring the facility to the local community. If you feel you could support such a project could you return the slip below to Mr J Johnson, Director of Sport at WGS.

Any response does not commit you in any way it is merely to enable us to submit our findings and funding proposals.

If you have any queries regarding this or would like to discuss the proposal with me, please feel free to contact me on **01902 421326** or by email **jmj@wgs-sch.net**.

Yours sincerely,

John Johnson (Director of Sport)

Stuart Cohen (Finance Director)

I/We would support such a scheme
